ACCESSORIES
Model UC-1R
RACK-UP Enclosure

The UC-1R is a tabletop utility chassis for mounting RDL modules and accessories. The front and rear each feature one RACK-UP mounting bay. The mounting bays fit RACK-UP series products and AMS accessories (using AMS-RU4 adapters, available separately). The interior provides space to mount various STICK-ON and TX series modules.

Installation/Operation

CE **Declaration of Conformity available from rdlnet.com.
Sole EMC specifications provided on product package.
Specifications are subject to change without notice.**

STEP #1
**Start the screws into the bottom of the RACK UP but do not install them all the way.**

STEP #2
Secure the unit to the mounting chassis by sliding the unit rearward so that the screws seat into the mounting holes and tighten the screws. Repeat steps #1 and #2 for any other RACK-UPs or filler panels that are to be installed.

STEP #3
Slide the top and bottom plates onto the side pieces and secure the front and back plates to the side pieces with the 8 torx head screws.

STEP #4: Install the trim plates with the 4 crosshead undercut screws.

NOTE: When installing a RACK UP product that is in a plastic box start by removing the screws from the back of the RACK UP. Bend the tabs on the mounting unit up at a 90° angle. Secure the unit to the mounting chassis using the screws.
