5104TP Bridge Top can be used to link together any of the PD51 Series main components for a larger work surface if required.

It will provide a 39" height work surface when installed on taller components.

Conveniently installed at 30" height, it will be a great solution for standard desktop height that can also be ADA compliant.

DESK CONFIGURATION EXAMPLES

5104TP installed on PD51 Station, PD5103 Podium and RK5105 & RK5106 Racks (Sold separately)

39" WORK SURFACE HEIGHT APPLICATIONS

Standard Features

39" height work surface Mobile Station & rack
94.875"W x 30"D

Audience View

Components: PD5103, 5104TP & RK5106
Podium & rack with ADA compliant desk work surface
88.125"W x 30"D (30" height desk top)

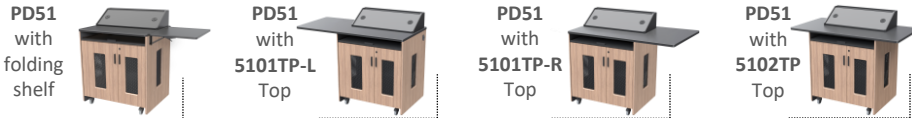

FEATURES & BENEFITS

- Front and rear lockable doors provide security and quick access to multimedia equipment.
- Rack rails or Rack frame included for equipment mounting.
- Metal perforated plates all around keep the equipment ventilated and cool.
- Heavy-duty casters for easy maneuvering (2 locking) or levelers for non-mobile applications.
- Custom cutouts available for accessories, electronics or other items specified by the customer.
- Highly resistant thermowrap surface & body.
- **Customizable Work surface for PD51, PD5103 and PD5107.** Front panel of the console can be easily removed or the complete console to make use of the entire work surface.

- 58" Worktops only available for **PD51** Station that can be easily attached according to choice. Folding side shelf and other components can be installed on either side of the Station.
(Folding side shelf cannot be used along with 5102TP Top)

- Main components can be converted to a mobile desk station using the **5104DE** Desk End. This Desk is reversible to allow installation for left or right-hand applications.
