

LG ProBeam BF40QS Laser Projector

Flexible Installation and Excellent Performance

KEY FEATURES

Key Features

- High-Definition WUXGA (1920x1200) Resolution
- 4,000 lumens brightness for bright rooms
- Mercury-Free Laser with up to 20,000-hour life
- Connectivity convenience with included wireless
- Precise installation with horizontal/vertical lens shift and 1.6x zoom
- Two 5-watt speakers

Excellent for:

- Education classrooms
- Office meeting rooms
- Hotel meeting rooms

The LG ProBeam BF40QS projector is full-featured projector with a long-life laser light source performance. With 4,000 lumens of brightness, WUXGA resolution, 1.6x optical zoom and lens shift, this projector is easy to install and capable of delivering great images without needing to turn down the room lights.

Reliable Performance

The LG ProBeam BF40QS projector delivers 4,000 lumens of brightness with a reliable laser light source that has a life of up to 20,000 hours.

Brightness, Resolution and Smart Features

The LG ProBeam BF40QS delivers an incredible 2.3 million pixels of resolution (1920 x 1200), 4,000 ANSI lumens of brightness, wireless mirroring and Bluetooth pairing.

Ease of Installation

The LG ProBeam BF40QS has installation features typically only found in higher priced projectors. It has both horizontal and vertical lens shift that combined with a 1.6x zoom lens makes installation easy in a variety of locations.

Important Projector Features

The LG ProBeam BF40QS has a wide range of connections including 2 HDMI 2.0 ports, two USB Type-A ports, RJ45, RS232, Wi-Fi and Bluetooth. It also has two 5W speakers.
