

C2G 3ft (0.9m) Value Series™ RCA Stereo Audio Cable Part No. CG-40463

Make the right choice to connect any source with composite audio (left/right), to your TV, monitor or a/v receiver. Ordinary "included in the box" audio cables often use low quality materials with inferior shielding that can result in poor quality. But our RCA cables deliver all the detail you expect from your audio equipment.

The dual conductor is spiral-wrapped with tinned copper, which provides shielding against EMI and RFI interference. The connectors are color-coded for easy installation and identification and provide excellent strain relief.

Features & Benefits

Supports RCA Stereo Audio Fully molded connector and strain relief		Shielded to help reduce interference Color coded connector	
General Info			
Product Line	C2G	Color	Black
UPC Number	757120404637	Country Of Origin	China
Features	Color-Coded	Application Sector	Commercial, Residential
Warranty Type	Lifetime	Туре	Cable
Dimensions			
Product Length US	3.0 FT	Cable Length	3 ft
Technical Informatio	on		
Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	Audio
