

C2G 12ft (3.7m) Pro-Audio XLR Male to XLR Female Cable Part No. CG-40060

Use this XLR to XLR cable to connect unbalanced sources to balanced XLR inputs. This pro-audio cable is made from 22 AWG twisted pair audio cable under an aluminum foil shield and 60% copper braid for maximum shielding from noise. The highly flexible 7mm PVC jacket reduces the risk of the cable kinking and damaging the conductors.

Bright nickel plating on solid brass connectors resists wear from reconfiguring and moving equipment from one venue to another. Spring strain relief on the 1/4in plug and a chuck strain relief inside the XLR reduce the effects of age on the solder joints and contacts.

Features & Benefits

22 AWG conductor construction	Foil and braided shield to protect from interference
Highly flexible jacket	Nickel-plated connectors

Specifications

General Info				
UPC Number	757120400608	Country Of Origin	Vietnam	
Application Sector	Commercial, Residential	Warranty Type	Lifetime	
Туре	Cable			
Dimensions				
Product Length US	12.0 FT	Cable Length	12 ft	
Technical Information	on			
Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	Adapter, Audio	
Jacket Rating	Standard / Non-Rated	Adapter Rear	XLR 3-pin Female	
Adapter Front	XLR 3-pin Male
