FOR HEALTHCARE

# RALLY BAR HUDDLE

Improving virtual experiences, one connection at a time

## Empowering clinicians, enhancing care

Welcome to the future of healthcare collaboration with Logitech Rally Bar Huddle. Designed to meet the needs of small/huddle room environments, Rally Bar Huddle simplifies how teams connect, communicate, and care for patients in virtual settings. With its seamless integration, superior audiovisual performance, and effortless deployment, Rally Bar Huddle empowers healthcare organizations to enhance experiences and drive better outcomes across the care continuum while driving down costs.

## Take video experiences to the next level

- High-definition video and crystal-clear audio ensure seamless communication during virtual consultations, team meetings, and collaborative sessions.
- Easy deployment and intuitive interface facilitate quick setup and hassle-free use for healthcare professionals of all levels.
- Built-in AI technology enhances sound pickup, reduces background noise, and ensures every voice is heard, promoting efficient and effective communication.
- Versatile mounting options and compact design make Rally Bar Huddle suitable for a variety of healthcare settings, from consultation rooms to telemedicine centers.

**Empower healthcare professionals to connect, communicate, and collaborate more effectively, driving better outcomes for patients and health organizations alike.**

# SOLUTION HIGHLIGHTS

## Enhanced video and audio experiences

Advanced AI video intelligence, premium sound pickup, noise suppression, and ongoing software improvements ensure clear and natural virtual consultations, team meetings, or training sessions. The Rally Bar Huddle fosters professional, personalized communication experiences that build trust and engagement, driving superior outcomes across the care continuum in a way that is both effective and compassionate.

## Easy to clean, customizable, replaceable

Improve patient care experiences or enhance your brand presence with this optional, one-of-a-kind visually appealing accessory that is easy to clean, customizable, and replaceable. Perfect for spaces where maintaining sanitary conditions is crucial for proper patient care.

## Easy to deploy, use, and manage

Rally Bar Huddle ensures hassle-free integration into any healthcare environment. With its intuitive setup and user-friendly controls, healthcare professionals of all levels can easily harness its high-quality video capabilities. Plus, Logitech Sync empowers proactive management, guaranteeing business continuity and seamless support with comprehensive warranty and service options.

## Why Logitech for Healthcare

Trusted by the largest health systems worldwide, Logitech offers innovative and versatile productivity, collaboration, and mobility solutions that seamlessly adapt to diverse healthcare environments. From improving patient care to optimizing hospital administration, our solutions, software, and services empower our customers to deliver high-quality services efficiently, regardless of location. With user-friendly interfaces and seamless compatibility, healthcare organizations can focus on what matters most: delivering exceptional care to patients. Elevate your healthcare environments with Logitech to unlock new levels of care one connection at a time.
