Microsoft Teams

# Lenovo ThinkSmart View Plus

The world's smartest, most flexible collaboration device

Meet, share, and collaborate better than ever—wherever you are. The innovative Lenovo ThinkSmart View Plus with Microsoft Teams Display is a hybrid work solution that enhances efficiency, flexibility, and collaboration through personal and hotdesking experiences. The all-in-one modular design and multi-mode functionality deliver an impressively rich UX and flexible hybrid productivity.

Lenovo

# How it's different

## Why Smart Collaboration

Take back your meetings. Combining innovative technology with personalized services, our Lenovo ThinkSmart solutions will redefine your meeting space. Make collaboration more productive and more enjoyable with smart devices that enable greater efficiency and offer options to meet your needs. Flexible across room sizes, Lenovo's Smart Collaboration solutions use industry-leading security measures to keep your data safe and your privacy intact.

## Why Lenovo ThinkSmart View Plus

With user-friendly Microsoft Teams Display for customized cloud-based productivity, this personal collaboration solution lets you interact with impact. A 27-inch multi-touch FHD display, premium soundbar, and auto-framing 4K camera with AI security combine to optimize every experience, from hotdesking and hoteling to phone booth use and small-room video conferences. In the ever-evolving workspace, the innovative Lenovo ThinkSmart View Plus keeps you connected and engaged however work happens.

# How Lenovo ThinkSmart View Plus wins

The standalone Lenovo ThinkSmart View Plus is the world's smartest, most flexible collaboration device, engineered to meet the growing demand for hotdesking and hoteling workspaces. Plus, Microsoft Teams Display delivers a customized, secure, and intuitive meeting experience ideal for modern business.

- Small footprint perfect for hotdesking, phone booths, and executive desks.
- Bundled with ThinkSmart-Start, including one year of Lenovo Smart Collaboration Professional Services Deploy and Maintain.
- Toggle between mode functionality on the 27-inch multi-touchscreen display with premium video, audio, and built-in Android compute.
- Detachable camera and soundbar, plus adjustable height, tilt, and swivel monitor stand for ergonomic comfort.
- Robust security with facial recognition, webcam privacy shutter, mic mute, and meeting status light.
