

BT8390-VESA400T

SYSTEM X™ INTERFACE ARMS WITH TILT FOR MEDIUM / LARGE SCREENS

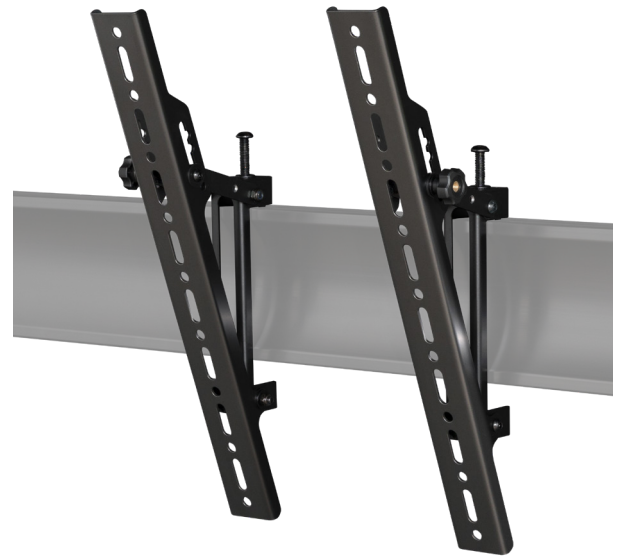

Ideal for single row, multi-screen installations, these interface arms are designed to mount small to medium sized screens in a tilted position along System X horizontal mounting rails. The universal design is compatible with a variety of different screens and allows them to be mounted in either landscape or portrait orientations. Leveling screws on each interface arm provide post installation height adjustment and thumbwheels allow easy tool-less adjustment of the tilt angle up to 20°.

SPECIFICATIONS

Recommended screen size	39" - 75"
Max load	154lbs
VESA® & non-VESA fixing	up to 400* (vertical dimension)
Tilt adjustment	up to +20° (increments of 5°)

FEATURES

- Ideal for menu boards and other multi-screen installations
- 1** Tool-less thumbwheels for easy adjustment of the tilt angle
- 2** Safety screws help prevent unauthorized removal of screens
- 3** Simple 'hook-on' installation
- 4** Includes leveling screws to adjust the screen height
- Universal design compatible with most screens
- Suitable for landscape or portrait mounting
- Lateral adjustment - position arms anywhere along the length of the rail
- TÜV certified
