

This Cat6 cable meets stringent TAA compliant requirements and is approved for use in United States government projects and facilities. This non-booted unshielded Cat6 network cable is designed for network adapters, hubs, switches, routers, servers and more. Meets or exceeds all ANSI/TIA-568.2-D Category 6 industry standards for supporting a wide variety of applications, including 1000BASE-T (1 Gigabit Ethernet). Constructed with premium, made in the USA copper cabling with enhanced 600 MhZ maximum frequency for increased performance over standard Cat6 cables. Available in a wide variety of colors to easily color-code your network installation.
