In-Wall Accessory Box

FOR RECESSED CABLE MANAGEMENT AND POWER STORAGE

Peerless-AV's In-Wall Accessory Box allows cables and cords to become virtually invisible. When combined with a Peerless-AV® wall mount, the In-Wall Accessory Box provides the perfect behind-the-screen solution to conceal unsightly power and low voltage cables, like HDMI or RCA, behind flat panel displays, audio components or other devices. Complete with a receptacle knock-out for adding a duplex power module (not included), the IBA3 creates a professional look in any setting.

- Low-profile design fits behind the thinnest mounts and flat panel displays
- Component cables routed inside the wall
- Sleek design makes outside cable covers unnecessary
- Heavy gauge cold rolled steel construction
- Cable ties and grommet included for an organized finish
- Can be mounted horizontally or vertically for better positioning

Clean and Easy Cable Management

RoHS
2002/95/EC
