Modular Series Dual-Pole Wall Mount Interface

FOR 46" TO 90" DISPLAYS*

Peerless-AV's Modular Mount Series features a full range of products to fulfill multiple requirements with a limited number of components. The universality of the components allows you to configure your own perfect custom flat-panel display or projector mounting solution for any application. The Modular Mount Series was developed with the professional AV installer in mind with a 2" (50mm) diameter support pole that can be easily cut to length on the job site making it ideal for new projects as well as for upgrading existing installations. The MOD-AWM2 provides modular support for a range of video wall mount plates, including standard flat and tilt.

The universal design of the MOD-AWM2 allows you to configure your desired application just the way you want it, making a perfect installation possible.

Additional Features

- ✓ Provides compatibility with Peerless-AV Flat, Tilt and Video Wall mounts onto the Modular Series Dual Pole configurations
- ✓ When used as a display mount, displays can be mounted in portrait or landscape orientation
- ✓ VESA® 200, 300 & 400mm mounting holes for 46" to 90" displays when used as a display mount*
- ✓ 211lb (96kg) max weight capacity when used as a display mount*

*Reference mount specifications when used with optional Flat, Tilt or Video Wall Mounts

VERSATILE POSITION
Can be clamped at any point along pole length for ideal display placement
