SMARTMOUNT.

Full-Service Video Wall Mount with Quick Release - Landscape

FOR 46" TO 65" DISPLAYS

Video walls should be easy to configure, quick to install, and a snap to maintain. The SmartMount® Full-Service Video Wall Mount with a Quick Release is designed for quick service access in recessed video wall applications. This mount provides versatility demanded by installers. With quick release functionality, users have the ability to articulate the display from the wall by gently pressing on the front of the display. The DS-VW765-LQR offers tool-less micro-adjustment and provides easy-access to any display. The custom wall plate spacers eliminate guesswork and on-site installation calculations, reducing installation time and cost.

- Quick release can be disabled with a locking screw to prevent unintentional pop-outs
- Modular mount for unlimited video wall display configurations
- Pull-out/prop-open mechanism provides quick service access
- Integrated cable management tie-backs make display-to-display cabling simple
